What's New at Bow Valley College

- **Open Studies is back** at Bow Valley College and more convenient than ever before! Students simply apply for the Open Studies program (applications are free) and then use an online shopping cart model to register in the course/s they want to take.
- Bow Valley College is bringing back **Dual Credit programming**. The planning is underway, so stay tuned and we will update you once we have more information.
- Legal Assistant Diploma and Administrative Professional Certificate are piloting the **Work Integrated Learning (WIL) opportunity**. WIL is experiential learning that occurs in a workplace setting. It is a full-time, unpaid opportunity that provides students with intensive, hands-on, practical experience in a setting relevant to their subject of study. By 2024 all Bow Valley College programs will have WIL integrated into its programs.

At Northern Lakes College, we strive to be able to reach as many students as possible. That is why we offer a variety of delivery methods for learning. Face-to-Face: courses where the instructor and the students are interacting at the same time, at the same physical location. NLC Anytime, Anywhere: courses where you do not have scheduled classes, but where you log in to a program online (Moodle) at any time and do your work. NLC LIVE Online™: courses where you have scheduled classes online, where you log in to a program (Blackboard Collaborate) with your instructor and peers on the same day, at the same time. Blended: courses where you have a combination of face-to-face and online (NLC Anytime, Anywhere and/or NLC LIVE Online™)

INSTITUTIONAL HIGHLIGHTS

- **NEW PROGRAM - Bachelor of Design in City Innovation:** We offer the first undergraduate degree in Western Canada that combines design thinking with a focus on innovative change in the physical and social infrastructure of cities. The unique curriculum integrates studio-based learning, real-world projects and courses that address climate change, sustainability, global citizenship, entrepreneurship and data science to prepare students to shape our future cities.

- **PROGRAM CHANGE - Language and Culture:** The BA in Language and Culture will provide students with a solid training in focused language, literary, and cultural studies in one or two language areas (Arabic Language and Muslim Cultures, German, Italian, Russian), and complement these studies with core coursework in cross-linguistic, cross-cultural, and comparative studies.
- **NEW INITIATIVES – Schulich Indigenous Pathways Program (Engineering):** The Pathways Program is intended to encourage Indigenous Peoples who are interested in STEM (Science, Technology, Engineering and Math) to study at the Schulich School of Engineering. We will aim to foster an Indigenous-centered community in which students are provided with the requisite supports that promote their skill development, well-being, and success as engineering scholars. <https://schulich.ucalgary.ca/future-students/undergraduate/admissions/indigenous-pathways-program>
